

DESIGN AND DEVELOPMENT OF SKIDS

Skid Design

Client Industry

Oil and Gas

Location

No. of Hours

1000

Tools Used

AUTOCAD

Client Profile

Global leader in development and production of membrane-based separation systems for the petrochemical, natural gas, and refining industries.

Project Complexity

- Equipment packaging within the footprint.
- Change management based on updates on P&ID equipment by the vendors.

Team Details

Project lead: 15 yrs
 Piping Engineer: 10 Yrs
 Piping Designer: 5 Yrs
 Structural Engineer : 5 Yrs
 Instrumentation Engineer : 10 Yr.
