

PIPE STRESS ANALYSIS OF LNG PIPELINES

Stress Analysis

Client Industry

Oil and Gas

Location

No. of Hours

1300

Tools Used

CAESAR II®

Project Profile

Client ; MEP Design Firm

Project Scope

- Analysis of reciprocating Compressor line & Pump line
- Analysis of flare lines
- Analysis & proposing modifications based on using existing pipe support.

Team Details

Project lead : 15 yrs
 Senior Stress Engineer : 10 Yrs.
 Junior Stress Engineer : 5 Yrs.
